### Rotary Grace

#### Toast to the Queen

**Rotary Minute:** Wendy asked Harley and Bob Black what some of their most cherished programs have been that they have worked on for Rotary over the years. Harley said he was proud of the Civic Center, and of Camp Rotary. Bob said Camp Rotary, and Coats for Kids. Wendy also asked our newest member Sandra what she was proud of working on for Rotary. Sandra mentioned that during her time with Roth say kings she worked on the Kindergarten bags for Kids literacy program which was very rewarding.

**Guest Speaker:** Frank Tenhave/Enterprise Fundy

Frank spoke on the various projects that Enterprise Fundy has been involved with working on and obtaining funding for over the years.

Some of these projects include:

Energy Park for NB which would capitalize on the large amount of natural gas in our area.

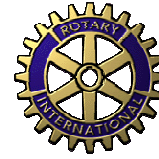

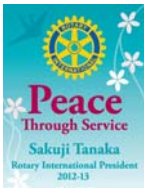

A private highway link between the larger central cities and New Brunswick which would provide for lower freight costs and would allow NB to become a more active shipping partner.

NB Wild Turkey Federation which can provide a sustainable natural income for the province by taking advantage of the incoming wild turkey population in the area.

These are just a few of the projects that Frank has worked on over the years. Enterprise Fundy will soon be closed down due to government reorganizing, and as such many small businesses will not have access to the startup resources that Enterprise Fundy provided to them over the years.

**Committee Reports:**
