❖ **Guest speaker:** Cancelled due to weather.

Length discussion on the current Rotary signs located at Four Crners and on Route 121 just east of Lansdowne Avenue South. It appears new signage has been added to the installation without Rotary approval. It has been customary in the past to approve new additions and to collect a fee to have the privilege of installing the service club emblem on our Sign.

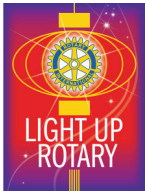

This item has been reviewed in the past at the Board meetings as a way to increase sources of revenue for the club. Robert Lockhart to review and report.

Committee Reports:

❖ **Secretary Report;** Scott indicated the club received no new correspondence.

❖ **Trip Draw Tickets:** Robert D. spoke on the wrap up of the annual trip draw sales effort. As of today only 5 tickets left and will be sold on a first come first serve basis. Robert indicated the following issues should be explored in future years:

- Use of social media, such as Facebook. This method as proven highly successful in the past few weeks.
- Electronic payment methods should be explored and utilized.

The early bird cut off is at the end of day today and in light of the storm yesterday there was slight discussion on extending the deadline for 1 day.
