### Club Donation Guidelines

- Approximately 15 years ago there were guidelines established. One of the guidelines was that they do not need to be tied to a \$ amount each year. Donations should not be given to other fund raising groups – such as non profit organizations.
- Large one time projects get more recognition for a longer period of time that small donations / projects.
- There was a discussion around the pool project. There is another meeting scheduled for the second week of March. Hopefully by then we will have more information on what the project will entail. It was suggested that the committee that is involved in this present to the club with the details of what they are requesting from each service club. As part of this project there is a walking tack that is being built. An idea was presented that we may want to
- At the end of the discussion it was decided that we would keep going as we have been. We would continue to have requests be given to either a Rotarian or a presentation be given to the club. We would continue to focus on youth and education, the CASP project – adult literacy and another meeting will be scheduled in regards to the pool project.

### Membership Kits

- If anyone would like a kit to give to a potential member, Kim P has put together additional membership kits.
