There were 11 people that went. There are 650 people in the village that they visited. There are 28-30 children that are sponsored by Wendy's church. They left the village just before a tropical storm which left the village with 2 ½ feet of rain. The children only go to school for 4 months of the year. All work in the village is done by hand. There are 5 churches in the village. Wendy and her team worked on crafts with the children. Most of the people work for today and do not plan ahead for tomorrow. Wendy had an extra 5 day stay due to the volcano eruption.
