SPEAKER- Kim Pearson, who is our district 7810 membership chair gave us an interesting and challenging talk on membership development.

-It is every members responsibility not just membership development committee members to bring in new prospective rotary members.

-Kim is asking every member to fill in at least 3 prospective names on the CIC-Prospective Name's List sheet she handed out, and hand or fax it back to her by next week's meeting.

-From there the name's will be reviewed by the club and good prospects will be invited to attend an evening information meeting on what Rotary does both at a community and international level. There will be some short presentations in this regard and the support of all members is required, whether it be to greet prospective members, or record information, hand out information, etc.

-Kim wants' to pilot this procedure first with our club, so let's everyone of us support her.

-Gordon Dempsey(Dist 7810 Governor Elect) spoke briefly on membership development stressing that it is the key in resolving other problems at the club level. Simply put more members means less work and ticket sales for all members and new blood leads to a better club.

-50/50 won by Andrew Palmer Again

OTHER BUSINESS

-A fair number of water bottles were turned in Monday, Hopefully we will have an update for next week's meeting.

Also Rob Kimball Jr. was in attendance and is interested in joining our club. Welcome to all new members we hope you enjoy what Rotary has to offer.
